

Loyal Multi-Function Automatic Macaroni Pasta Machine Production Line

1. Description Of Loyal Multi-Function Automatic Macaroni Pasta Machine Production Line

The full automatic and high productivity pasta macaroni production line adopts advanced and unique technology, reasonable configuration and stable performance. The fully automatic pasta making machinery makes the water and flour mix more fully and evenly, completing the process of maturation, extrusion, and molding at one time, without the need for a boiler during the operation.

After the product is steamed, the color is crystal clear, smooth, beautiful in color and delicious in taste. The pasta macaroni making machinery produces various products of different shapes that are popular on the market, such as crisp peas, shells, spirals, square tubes, round tubes, waves, etc.

2. Flow Chart Of Loyal Multi-Function Automatic Macaroni Pasta Machine Production Line

1. Flour Mixer ?
2. Screw Conveyor ?
3. Single Screw Extruder ?
4. Pulling And Cutting Machine ?
5. Hoister ?
6. Multi-layer Dryer ?
7. Cooling Conveyor

3.Details Of Loyal Multi-Function Automatic Macaroni Pasta Machine Production Line

Model	LY3000-A	LY3000-B
Power	55 kw	65 kw
Actual Energy Consumption	35 kw	42 kw
Output	80-120 kg/h	160-200 kg/h
Dimension	23000 * 1500 * 2600 mm	23000 * 1500 * 2600 mm

4. Advantages Of Loyal Multi-Function Automatic Macaroni Pasta Machine Production Line

1	Running in a high automatization and intellectualization, no pollution.
2	High pressure double crank to control the die opening and closing.
3	Adopting advanced world famous brand components in pneumatic parts, electric parts and operation parts
4	Simple structure in linear type, easy in installation and maintenance.
5	Adopting unique single screw extrusion technology, exquisite craftsmanship.

5. Application Of Loyal Multi-Function Automatic Macaroni Pasta Machine Production Line

Macaroni pasta is made after extruding, slaking, forming, drying, and inflating. Our company has improved the full automatic pasta macaroni machine performance by means of the marketing research and our own technology and makes the operator operate the machine easily and make the craft more perfect.

This is indispensable macaroni production equipment for everyone taking on the food profession. Multi-function stainless steel pasta macaroni machine is characterized by unique technique, rational configuration, high automation and stable performance. It can finish steaming, extrusion and shaping in one step without boiler.
